# Charge Ahead
# Deliver Beyond

## axl everfly

axl everfly 35000mAh 14S LiPo battery is engineered to deliver uncompromising performance for high-performance industrial drones, VTOL aircrafts, RC vehicles, and Robotics. With a perfect balance of energy density, durability, and lightweight construction, it ensures maximum runtime, consistent power delivery, and exceptional reliability under demanding conditions.

## Key Features

| | |
|---|---|
| Lightweight Design | Designed for applications where every gram counts, delivering more power with less weight. |
| High Power Density | Advanced LiPo technology offers an outstanding energy-to-weight ratio for superior efficiency. |
| Compact Yet Capable | Space-efficient form factor for seamless integration into compact power systems. |
| Reliable & Secure Connections | Equipped with AS150 main and JST-XH balance connectors for safe, low-resistance energy transfer. |
| Built for Endurance | Premium-grade cells ensure durability, cycle after cycle, without compromising performance. |

## Technical Specifications

| Specifications | Details |
|---|---|
| Capacity | 35000 mAh |
| Voltage | 51.8 V (14S) |
| Discharge Rate | 5C |
| Configuration | 14 S1P |
| Connector Type | AS150 and JST-XH |
| Dimensions (L×W×H) | 190mm x 87mm x 160mm |
| Weight | 6Kg |

## About axldrone

axldrone is a leader in innovative drone solutions, offering purpose-built drones, powerful components, and ground control software. With over a decade of R&D and global project execution experience, we provide end-to-end drone solutions for professional and industrial uses.
